SCM CIRCULAR

04 October 2007

CIRCULAR TO SHIP OWNERS, MASTERS, AGENTS AND ALL RELEVANT PARTIES.

FITTING OF SIMPLIFIED VOYAGE DATA RECORDER (S-VDR)

Attention is drawn to SCM Circular to owners 3/2006 regarding the fitting of S-VDR for vessels above 3000gt built before 01 July 2002.

You are once again reminded that the fitting of S-VDR is to be carried out at the first docking survey after 01 July 2007. Please ensure the required drawings are submitted for approval before fitting the unit. Owners are strongly urged to ensure only IMO type approved sets are fitted on board. Please be aware that there are many non approved types available but we will not accept the installation of such units.
